23rd Annual Conference

Developing Roles and Services
in Substance Misuse:
Responding to Change

27-28 March 2008

University of Chester

Association of Nurses
in Substance Abuse

STOP PRESS!

In the past three months there have been significant documents released from the NTA, Department of Health and NICE:

- 2008 Drug Strategy
- UK Clinical Guidelines 2007
- 3 month Consultation on Clinical Governance NTA
- Non-medical prescribing Guidelines 2007

Substance Misuse Nursing has never been higher on the agenda.

We would like to invite you to our 2008 National Conference on the 27 and 28 March, at Chester University.

We have now been able to reduce the price as low as possible to enable more nurses to attend.

The revised cost is £39.00, plus £10.00 per person for accommodation

Come and join us and influence the future of Nursing in Substance Misuse

See the attached for details, or visit the ANSA website: www.ansauk.org

Introduction

The aims of the conference are:

- To bring together nurses from all fields and allied professionals who have an interest in substance misuse
- To highlight the area of substance misuse in nursing
- To provide a setting for communication of the latest research and skills in the field
- To discuss the impact of recent legislative changes affecting nurses, allied professionals and substance misusers

The conference is open to all professionals in health, social care and criminal justice services with an interest in substance misuse. The conference can enable you to meet elements of your PDP – ensure your sponsor is aware of this.
